

Course Outline

Bunnings Induction

DURATION

1 full day

OBJECTIVE

- To develop necessary skills and expertise in using the automated tint system (Corob D410)
- To gain product knowledge within the Dulux range of products

CONTENT

This training program is designed for those participants who work in a paint department equipped with either a manual or an automated tint machine.

The course covers the operation of the automated tint machine in-depth; including

- How to use the machine
- Maintenance of the machine
- Troubleshooting

The remainder of the day covers basic paint knowledge required to work in the paint department.

- Interior Broadwall and Ceiling; Dulux Wash & Wear, Dulux Once, Dulux NeverMiss One Coat Ceiling White and Dulux Once Ceiling
- Exterior Broadwall; Dulux Weathershield and Dulux Once
- Prepcoat; Dulux 1 Step Primer Sealer Undercoat
